

2024 R1.1 Patch ReadMe

Updated: 24 October 2024

This patch is applicable to Sage CRM 2024 R1.

Addressed issues

Internal issue ID	External issue ID	Area	Description	Status
CRM-2633	CRMS-1888	Mail merge	<p>When a user merged a quote into a .pdf or .docx file, and then merged the same quote again, the .pdf or .docx file was overwritten.</p> <p>As a result, it wasn't possible to retain a history of .pdf or .docx files generated for the same quote.</p> <p>This issue occurred only when the  Administration Data Management Products Use quote format for merge document name option was set to Yes.</p>	Fixed Sage CRM now appends an index to the name of each .pdf or .docx file generated for the same quote.

Steps to apply this patch

1. On your Sage CRM server, run the provided **SageCRM2024R1.1.exe** file.
2. Complete the Setup Wizard.
